VOL. 31, NO. 23 THORNTON COMMUNITY COLLEGE SOUTH

10 students honored at saf breakfast

Student Aid Foundation held a Saturday morning breakfast on March 17 from 9 a.m. to 12 p.m. in the new building cafeteria to honor scholarship recipients and members of the businesses and community that contributed to the fund.

Ten students were honored as winners of the SAF $100 scholarships including Ronald Romanek, a pre-medical student from South Holland; Patti Latos, a physical education major from Markham; Otha Day, music student from Phoenix; Hattie Alexander, business major from Harvey; and Paulette Paul, nursing student from Riverdale.

Other students honored were Linda Kemp, nursing student from Dismoor; Lee Pelke, life science major from Calumet City; two-time winner Dean Dinnocenzo, chemistry student from South Holland; Nick Thomas, music major from Dolton; and Adam Marganski, aviation student from Posen.

William Hafer, director of financial aids and placement, said 75 candidates applied for the scholarship. Ten students were selected by the award committee on the basis of academic ability, potential, financial need and contributions to TCC.

fraternity; Gilda Smith of SA; Thoman Webb of Allis-Chalmers; Charles Pennington of the TCC faculty association and Otis Grove of the Harvey Rotary Club.

Individuals who gave $50 or more to SAF were also given certificated. Raymond Dohmeyer, TCC board member; Theda Hambright, counselor; oca Anderson, Sarah Barmore, and Martha Dietrich, faculty members; Mary Alice Smith, librarian; and Dr. Robert L. Jack, vice president of continuing education and community services.

Other businesses or individuals who contributed but were absent were Bauer Buick, Marks Toggery, Rube's Sportsmans Club, Gino's Restaurant, Wyman-Gordon, Phyllis Davis and Dorothy Howell.

LaVell Wilson, vice-president of student affairs, "We sincerely appreciate these donors and hope you will make annual contributions."

He continued, "The primary goal of SAF is to make it possible for every student in district 510 to be able to pursue and continue his education."

Bill Hafer added, "We hope to present many more scholarships to TCC students in the future."

The breakfast featured a taped

Congressman spe on transportation

by larry galica

Robert Hanrahan, third district U.S. congressman from Washington, appeared last Monday, March 19 in building 11 before Bill Tabel's Economics 202 section and Mary Comegys' Political Science 101 class. He was introduced by Veteran's Outreach worker Ted Graves.

One of 69 freshmen congressmen in the House of Representatives, Hanrahan replaced Edward Derwinski in this area. He is serving on the public works and government operations committees.

Hanrahan attended TCC and Bowling Green College. He was the Cook County superintendent of schools until 1970, an advisor to the president and a teacher at Thornton High School and a precinct captain in this district.

"Only way to learn the political process," explained Hanrahan, recalling his experiences as a precinct captain, "is to start at the grass roots."

He also learned from town hall meetings. An Oak Lawn widow complained that she was working but could not collect any benefits from her husband's social security until she retired. Hanrahan said she was losing her earned money amount unnecessary.

As part of the public works committee, the congressman is also on the transportation subcommittee.

The representative complained of hazardous materials on planes. "About 90% of 14,000 airplane flights have radioactive materials aboard."

Hanrahan said at O'Hare airport recently a clerk received a burn from leaking radioactive materials. He said cargo planes only should be used for transportation of such materials.

Hanrahan is also investigating what he called a dangerous railroad crossing situation in this area.

"This railroad system we have in this district is the worst in the state. Of 16,000 crossings in Illinois, 10% are in Cook County," he said.

House Bill 2598, if passed, would provide monies to eliminate crossings only on federal highways. He said the worst are on state roads.

Hanrahan proposed an amendment that would allow states to obtain monies and to replace crossings on state roads where most are needed.

Approximately $4 million would be needed in Dolton alone

The book that almost went undone is finally finished. In this space I would like to thank all those people who helped with the publication of this yearbook. Without the help of The Harvey Tribune (who gave us much-needed photographs), Mark Brummel (who put up with a lot of crap in the lab), and all those other people who helped push subscriptions, take pictures, and just entertain. Hopefully, next year's editor will have such helpers.

M.
